

HAS

The Houston Airport System

FAST FACTS

3 AIRPORTS

The Houston Airport System (HAS) is a three-airport system that consists of:

1. George Bush Intercontinental (IAH), the city's largest airport and global gateway
2. William P. Hobby (HOU), a medium-sized, low-cost regional international airport
3. Ellington Airport (EFD), a commerce and aviation center a licensed commercial spaceport, accommodating general aviation and U.S. Government operations

230K Jobs

According to a 2010 economic impact study, HAS supports more than 230K regional jobs and contributes more than \$27 billion to the local economy

Latin America

Recognized worldwide as a key global gateway with particularly strong connectivity to Latin America

Local Tax Dollars

HAS does not use local tax dollars and is entirely self-supporting through user fees and lease agreements

58MIL

The Houston Airport System served more than 58 million passengers in 2018
