

Now park in any Terminal Garage

\$5 per day

In response to the current environment for air travel, **Houston Airports is offering dramatically lower pricing for terminal parking. Normally \$24 per day, the rate for Terminal Garage parking at George Bush Intercontinental Airport (IAH) and William P. Hobby Airport (HOU) is now \$5 per day. You save \$19 a day for the convenience of self-parking right next to the terminal.** This rate is available for a limited time.

Corporate Parking and Parking Plus members can use your existing parking card to enter and exit the garage or you can pull a ticket at the ticket dispenser. **SurePark and Valet** customers will need to pull a ticket upon entering garage to take advantage of the temporary \$5 terminal parking rate. You must park in the regular self-parking areas to receive the \$5 rate. Please do not park in SurePark or Valet areas, or you will be charged regular parking rates.

Self-parking at the terminal is the smart way to keep social distancing when you travel.

The limited time discounted fee for terminal garage parking cannot be combined with parking membership reward points or amenities, and points and airline miles will not accrue with this offer. Parking rates for ecopark, ecopark2, Surepark, Valet Parking and Corporate remain the same.

In addition to the price reduction, Houston Airports has also enhanced the parking experience by adding **new color-coded LED lighting in terminal garages. Look for the green light to locate an available parking space.**

As the COVID-19 outbreak continues to impact airports and travel around the country, please help keep everyone around you safe and comply with the Centers for Disease Control (CDC) safety guidelines. Passengers and employees are encouraged to practice healthy hygiene habits such as washing hands frequently, covering coughs and sneezes, avoiding touching eyes, nose and mouth, and staying home if sick.
